The Youth Enrichment Program is a free service designed to work with youth aged 17 through 21 who are seeking educational and career/employment opportunities.

What makes us special? We offer a wide variety of services that can assist you in reaching your goals and breaking into that career field that you are interested in.

- * Paid internships in the field that interests you
- * Assistance with meeting your financial needs for college
- * Aid in paying for certification classes and the tools needed
- * Work experience with employers
- * Mentoring from other professionals
- * Transportation assistance
- * One-on-one support from our staff
